The Buyer's Checklist Score Your Platform

A preview of the Nordic Supply Chain Execution Benchmark 2026 — four capability blocks to score any transportation, customs or supply chain platform, including your own.

FEATURING

nShift • Descartes • Transporeon • Alpega • SAP TM • Oracle OTM • MyTower

Prepared by MyTower Group

HOW TO SELECT YOUR NEXT PLATFORM

The buyer's checklist

Four capability blocks. Print, tick, score.

BLOCK 01

Transportation

- ☐ Multi-carrier support
- ☐ Visibility
- ☐ Optimization

BLOCK 02

Customs

- ☐ Trade compliance
- ☐ Regulatory management

BLOCK 03

Collaboration

- ☐ Suppliers
- ☐ Carriers
- ☐ Internal teams

BLOCK 04

Scalability

- ☐ Global deployment
- ☐ Integration capabilities

RULE OF THUMB

If a platform cannot tick at least one box per block, it is **not a Supply Chain Execution platform — it is a point solution.**

ABOUT MYTOWER

Ready to transform Supply Chain Execution?

WHAT WE DO

MyTower Group — uniting MyTower, Winddle, e-SCM and TDI — helps **manufacturers, retailers and distributors** connect transportation, suppliers, customs and operational visibility through a **single platform**.
